ENGINEERING

WJEC Level 1/2 Vocational Award in Engineering

When Delivered:	One afternoon per week
Qualification title:	WJEC Level 1/2 Vocational Award in Engineering
Awarding Body:	WJEC

Who is the qualification for?

This qualification is for learners aged 14-16 who wish to develop knowledge and understanding and gain experience of a practical application of skills in Engineering. It is designed to mainly support learners in schools and colleges who want to learn about engineering from the design and planning perspective. It provides learners with a broad introduction to the engineering sector and the types of career opportunities available.

What will the qualification cover?

The qualification has been devised around the concept of a 'plan, do, review' approach to learning where learners are introduced to a context for learning, review previous learning to plan activities, carry out activities and review outcomes and learning. This approach mirrors engineering production and design processes and also provides for learning in a range of contexts thus enabling learners to apply and extend their learning. As such, the qualification provides learners with a broad appreciation of work in engineering related industries and wider opportunities for progression into further education, employment or training.

Cost

Students are expected to provide their own PPE. This can be purchased from nominated company and consists of boots, trousers and a polo shirt.

Personal Protective Clothing (Approx. £25)
